What does the Bible say about flags and banners? What do they represent Biblically? Flags speak visually without words and can easily cross-pollinate into the nations gathering the saved and unsaved. Banners rally, signal, communicate; they speak a message through color, design and movement. **Banners/flags are conspicuous and meant to be seen!**

There are over 350 scripture references to: flags, banners, standards or ensigns.

This list gives an overview of representations of flag/banner use in the Bible. The references are too numerous to list. ~Lora, LM
